PRAMA PUTRA APSARA

Graphic Designer · Video Editor · Social Media Content Creator

Kuala Lumpur, Malaysia (GMT+8) | +60 11-2569 2077 | pramaputraaa@gmail.com | linkedin.com/in/pramaputra

SUMMARY

Data Science undergraduate and multimedia designer with hands-on experience creating social media content for a food brand. I design in Adobe Photoshop, Illustrator and Canva, edit short-form video in CapCut and DaVinci Resolve, and do photography. My analytics background helps me design content and then measure what performs. Available for remote part-time or freelance work, [X] hours per week.

SKILLS

Design: Adobe Photoshop, Adobe Illustrator, Canva, Figma (basic): digital imaging, photo manipulation, social media graphics
Video: CapCut, DaVinci Resolve: short-form video (Reels, TikTok, Shorts), subtitles, color correction
Photography: [Product / portrait / event] photography, photo retouching
Data: [Python, SQL, Excel / Google Sheets, Looker Studio – keep only what you use]
Languages: Indonesian (native), English (IELTS 6.5), Arabic ([level])

EXPERIENCE

Social Media Management Intern | Lokality *Jan 2025 – Mar 2025*
Local brand of high-quality gluten-free noodles for health-conscious consumers

- Designed visual content for Instagram [and TikTok] using Adobe Photoshop, Canva and CapCut.
- Created and implemented social media strategies that grew followers by 30% across platforms and audience engagement by 40% during the internship.
- [Optional: used Instagram Insights to track post performance and plan the next week's content.]

Data Analyst Associate (Virtual Internship) | RevoU x Hasna Medika *Apr 2025 – May 2025*
4-week supervised case study analyzing a customized business dataset

- Analyzed a customized dataset to address the partner's business challenge under RevoU mentor supervision.
- Delivered actionable insights using [Excel / Google Sheets / SQL / Looker Studio / Python – keep only what you used].

Teacher | SMPI Cahaya Ilmu, Balikpapan, Indonesia *Aug 2023 – Jun 2024*

- Designed engaging lesson plans and learning materials for diverse learning styles, improving student comprehension scores by 20%.
- Achieved an 85% pass rate on final assessments through targeted feedback, and reduced classroom disruptions by 50%.

PROJECTS

Student Seminar – Event Organizer *Mar 2023*

- Led the collaborative concept and theme design for the seminar [and designed its poster and social media visuals].
- Managed logistics (venue, schedule) and on-the-day operations, including registration and session management.
